#### DIRECTORS NAME A TICKET.

NORTHERN PACIFIC " REGULAR" NOMINEES.

AN APPEAL TO STOCKHOLDERS FROM THE PRESENT MANAGEMENT-ANALYSIS OF THE PROPOSED NEW BOARD-THE TICKET

NOT ACCEPTABLE TO INDEPEN-DENT STOCKHOLDERS. The Board of Directors of the Union Pacific

Railroad yesterday appointed a committee to so licit proxies for the annual election to be held on October 19, and the committee announced ticket to be presented to stockholders. It is not believed that the ticket will be acceptable to the independent committee, consisting of August Belmont, J Horace Harding, Brayton Ives, Donald Mackay and Winthrop Smith. It is probable that an active contest will be carried on in the next four weeks.

The Northern Pacific board amended the bylaws so that at the coming election directors shall be chosen for one year instead of three years. The board, in an address issued to stocksays: "Several changes have occurred in our board during the past year. Messrs. Henry Villard. R. G. Rolston and E. H. Abbot have re-Colby, Colgate Hoyt and David S. Wegg have notified the board in writing that they will not accept re-election. These declinations create six vacancies to be filled at the approaching election, and one other has also been tendered." could not guess yesterday what director was 'one other" declination which had been tendered. It could not refer to John D. Rockefeller, because, although he was elected last spring, he refused to accept, notwithstanding that the fact of his refusal was concealed by the Northern Pacific management for some weeks. The proxy committee of the board consists of Charles B. Wright, William Lanman Bull Charles T. Barney. It has selected the following names to submit to the suffrages of shareholders: Johnston Livingston, Charles B. Wright, Charle-magne Tower, jr., D. H. Houghtaling, R. C. Martin, Charles T. Barney, Thomas F. Oakes, William L. Bull, James B. Williams, J. B. Haggin and William R. Merriam, ex-Governor of Minnesota. of these men Messrs, Wright, Barney, Oakes, Bull, Williams, Haggin and Merriam are members of the present board. Some of the independent stockholders believe that this is too large a pro-portion of old members to continue in office. It is also pointed out that Mr. Tower's selection would simply duplicate the voice in the management of Charles B. Wright, of Philadelphia.

Mr. Houghtaling and Mr. Martin are said to be riends of the Colby-Hoyt faction, to whose influence the independent stockholders largely ascribe the plight into which the Northern Pacific has fallen. On this account the selections are not sure of approval. The placing of Mr. Livingston on the directors' ticket is something of a surprise to Wall Street. Mr. Livingston has not been credited with being friendly to the Villard-Wisconsin Central element, and it is not positively known that he has acquiesced in the use of his name by the proxy committee. The committee, in presenting the names given above, say: "As the board must consist of thirteen directors, it will be necessary to designate two others to complete the ticket. It is the design of the committee to present names the remaining members of equal character

It is suspected that the ticket was left incomplete with a view to a possible compromise with the Belmont-Ives Committee. This committee is understood to desire a more radical change in the management than is proposed by the proxy committee. It has received assurances of support in response to the address issued on Monday from a large proportion of stockholders.

#### C., P. AND ST. L. IN RECEIVERS HANDS.

C. H. BOSWORTH AND E. ELLERY ANDERSON AP-POINTED BY THE UNITED STATES COURT.

Springfield, Ill., Sept. 21.-Judge Allen, in the United States Circuit Court, to-day heard arguments on the application for a receiver for the Chicago, Peoria and St. Louis Railroad. The bondholders and other creditors were represented by counsel, and after all had been heard the Court ordered that all the cases be consolidated, and appointed C. H. Bosworth, now operating the line the road between this city and Litchfield, and E. Ellery Anderson, of New-York, receivers. They are required to execute bonds for \$60,000.

"LIKELY TO ACCEPT THE OPTION SOON. The report from the West that the Louisville and lease or purchase of the Chesapeake and Ohio Southwestern Railway is believed to be correct, although it may not be officially confirmed. The option was given when the financial situation was expired. Owing to the improvement in the situation, it is said that the owners of the Chesapeake and Ohio Southwestern will not renew the option on the original basis, and the managers of the Louisville and Nashville are understood to have the matter of an immediate execution of the op-tion under serious advisement.

FORECLOSURE TO BE THE FIRST STEP. Strong interests are working toward a straighten-ing out of the affairs of the Toledo, Ann Arbor and North Michigan. The Farmers' Loan and Trust Company is the trustee for the four issues of dividend bonds and the consolidated mortgage bonds. It is proposed to foreclose the different issues in rapid succession, and in that way to place the obligations of the road in such a position that a plan of rehabilitation may be formulated, based on definite knowledge of the affairs of the company as regards its earning capacity.

#### LOWER RATES TO THE ADIRONDACKS.

The New-York Central has announced reduced rates to all points on its Adirondack division, in order to stimulate travel to the beautiful mountains for the autumn season. The weather is most charming for a visit to the great North Woods, and the lower fares come in the midst of the hunting season, making a boon for sportsmen. The hotels have also made offers of reduced rates to the holders of these tickets for September. An increased travel and a prolonged Adirondack season are expected to follow this enterprise of the railways and the hostleries.

### MEETING OF THE ERIE DIRECTORS.

The directors of the New-York, Lake Eric and Western held their regular monthly meeting yesterday. It was subsequently stated that only rou-tine business was transacted. The affairs of the company are not yet in a position to justify the issue of a plan of reorganization, in spite of the recent extravagant rumors on this subject. It is denied that John King, the president and one of the receivers, has any intention of resigning, and no efforts are being made to secure a change in the presidency.

#### DIVIDEND OF A SOUTHERN ROAD.

declared a dividend of 1 per cent, payable on Octo-ber 10. The statement for the fiscal year ended June 29 shows: Gross earnings, \$437,199; operating expenses, \$259,056; net earnings, \$138,104; other receipts, \$3,00; total revenue, \$141,114; interest, taxes, etc., \$41,114; balance applicable to dividends, \$100,000; dividends (4 per cent), \$80,000; surplus, \$20,000. The total surplus to date is \$30,004. The operating expenses for the year included \$12,173 to the credit of the renewal fund.

Philadelphia, Sept. 21.-H. Parker Shortridge wa resterday elected president of the Philadelphia and Erie Raliroad, vice William Hasell Wilson, resigned.

#### A FATAL REAR-END COLLISION.

ONE MAN KILLED AND TWO INJURED ON THE

PITTSBURG AND WESTERN ROAD. Kent, Ohio, Sept. 21.—At 1 o'clock this morning the Baltimore and Ohio fast passenger train No. 6, westbound on the Pittsburg and Western, came through Ravenna at terrific speed. The train consisted of nine vestibule sleeping cars. On the siding stood feather train No. 36, which had the siding stood freight train No. 86, which had

ed to "get into the clear." There was a rear-end collision, and the caboose and several cars of the freight train were de-molished. Conductor King, of De Forest, was lying in the caboose and was instantly killed. A brakeman jumped and saved his life. The en-gineer and fireman of the passenger train were injured, but not fatally. The passengers were badly shaken up, but no serious injuries were sustained.

DISCUSSING GOLD EXPORTS.

FURTHER STRENGTH OF THE FOREIGN EX-CHANGES.

FEARING A REVIVAL OF THE AUSTRIAN DEMAND -HEAVY CANCELLATION OF CLEARING HOUSE LOAN CERTIFICATES-STOCKS

The condition of the foreign exchanges presents the most interesting feature of the financial situaof exports of gold is daily becoming more of a topic of discussion in Wall Street. in the Bank of England's discount rate to 315 per cent yesterday exerted no influence upon sterling exchange. The market was strong and posted rates were advanced further 1 cent for sight drafts and  $\frac{V_2}{2}$  cent to the f for sixty-day bills. The quotations for reichmarks (German exchange) dangerously near the point at which gold might be shipped to Germany. Bankers think that if an outward flow of the yellow metal should be started it will be to this direction first. In London money conditions are not favorable to gold ex-ports, because discounts in the open market are down to 21's per cent, and the reserve of the Bank of England is so high that no reinforcements of specie are needed in themselves. But at Berlin the open market rate for money is up to the rate of the Imperial Bank of Germany-5 per cen Berlin is already buying gold in London, where the price of bar gold has risen to 77s. 10d. ar

The German demand for gold is believed to b intended ultimately for Austria. The preclou metal is at a substantial premium in Vienna an the Austrian Government has not yet supplied all its needs involved in the carrying out of the source might speedily cause a drain of gold from America, unless other conditions change here. Bankers in discussing this subject point out that the sums of gold drawn from Europe in the summer were commanded only by the payment of a premium, caused by the currency famine and financial crisis in America. Commercial conditions have not been sufficiently favorable to assure permanency in the lodgment here of the foreign gold. As money rates in New-York are drifting toward greater ease and the supply of currency is increasing, the yellow metal is in a position to go where it may be badly wanted. Commercial bills are extremely scarce in the foreign exchange market and bills against increased exports have already been

sold in advance.

The New-York banks yesterday cancelled \$1-450,000 Clearing House certificates. The retirements this week have amounted to \$3,775,000. The total of certificates now outstanding is \$30. 680,000. A GENERAL STRIKE OF ITS EMPLOYES THREAT.

FOR TROUBLE.

Terre Haute, Ind., Sept. 21.—Grand Master Sar-gent, of the Brotherhood of Firemen, wno returned gent, of the Brotherhood of Firemen, who returned to-day from Cincinnati, where he attended a fruit-less conference with President Ingalls, of the Big Four Road, relative to revoking the cut in wages order, says he believes there will be a general strike of all Federated employes on the road by to-morrow night. The lodges are now voting.

Cincinnati, Sept. 21.—It is known that the Big Four is anticipating serious trouble with its em-ployes, and with that in view the company has for the last few days had a representative in this made in a few days. city preparing a list of names of men to take the places of its employes if they go out. When the Brotherhood chiefs left this city on Tuesday, after their conference with President Ingalls, it was with the understanding that they would return on september 25, and give their answer to his proposi-tion that the trainmen take no action until Jan-uary I. At that date, the president said vaguely, they would probably come to terms. The trainmen are holding meetings all over the road and it is be-lieved here that a general strike may result despite the arrangements of the chiefs.

MISS POLLARD'S CHARGES TO BE TRIED.

THE DEMURRER FILED BY COL. BRECKINGIDGE OVERRULED.

Washington, Sept. 21.—The demurrer filed by Colonel W. C. P. Breckinridge to the suit of Miss Colonel W. C. P. Breckinridge to the suit of Miss Madeline V. Pollard against him for \$50,000 dam-ages for breach of promise of marriage and seduc-tion was argued in the District Court to-day be-fore Judge Cox by Enoch Totten, on behalf of Congressman Breckinridge, and Calderon Carlisle

Mr. Totten claimed that there could be but one contract of marriage, and therefore one promise was all that was necessary to allege. Hence in setting out more than one in the same declaration the plaintiff made it faulty and bad in substance. The Court overruled the demurrer, and directed the case to be set for trial on its merits. The condition of the docket is such that it is not expected the case will be reached for two years.

INCREASED TAXATION IN EVERY COUNTY OF THE STATE.

THE FIGURES FOR THIS YEAR CONTRASTED WITH THOSE OF 1892-DEMOCRATIC ADMINIS-TRATION A COSTLY LUXURY.

FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.

Albany, Sept. 21.-The taxpayers will not be leased to learn that the extravagance of the Democratic Legislature and Governor has increased the State taxes from \$7,784,848 16 in 1892, to \$10,418,192 08 in 1893, an increase of \$2,633,343 92. Nor will their displeasure be lessened when they learn that except an increase this year of the receipts from Inheritance and Corporation Tax laws of \$1,200,000 the State tax rate would have been still higher, and they would have been compelled to pay a total increase in taxes of \$3.83.343 92. All this was revealed by the meeting of the State Board of

Equalization on Tuesday. Controller Campbell's clerks yesterday figured out what the additional State taxes of each county will be. A year ago the taxes for "general purposes" amounted to \$3,853,106.65; this year they amount to \$5,114,574.65. Last year the taxes for support of the schools amounted to \$3,831,741.50; the present year they amount to \$3,857,297.78. A year ago there was no tax for the support of the State's insane poor; this year a tax is levied for this purpose amounting to \$1,346,019 64. The increases in the various appropriations are thus made apparent. In 1892 the State taxes in each county were as follows, no tax for State care of the insane poor being im-

Norristown, Penn., Sept. 21.-Two masked men rector of Old Swedes Church, in upper Merion Township, last night while the family were seated in the dining-room. One of the men pointed a pistol at the rector. When the Doctor picked up a chair, he received a heavy blow between the eyes from the revolver and fell unconscious. Mrs. Marple and her daughter and niece ran upstairs and fired a pistol and rang a bell to arouse the neighbors. The robbers escaped. The rector is not seriously injured.

HARTLEY & GRAHAM,

THE COURTS.

MR. SANGER WORRIED MR. SOLOMON.

David J. Solomon had an opportunity yesterday was an extremely favorable one. He answered all the questions intelligently, and showed that he knew all about the details of his business. The purchase of goods worth \$31,000 he insisted was

As soon as Mr. Sanger began his cross-examination, however, he did not do so well. The fact was plain that Mr. Solomon felt an extremely strong antagonism against Mr. Sanger. 'But whether or not that fact fully accounted for his ex-citability and somewhat incoherent answers the jury will be called upon to decide. He freely called people liars whose testimony differed with his. Other questions concerning personal matters he resented hotiy.

The belief that his conduct was caused by his fierce antagonism to Mr. Sanger was somewhat strengthened by the immediate change which took place in his demeanor when Mr. Sanger had finished and one of the jurors began asking ques-tions. At once he became quiet and extremely clear in his replies. The case was adjourned until to-day at 4 p. m.
